

# Richmond 300 Big Moves

Five initiatives to work toward realizing the equitable and sustainable growth of Richmond

## Greenspace

### PROVIDE GREENWAYS AND PARKS FOR ALL

100% of Richmonders live within a 10-minute walk of a park – prioritizing low-income areas with a high heat vulnerability index rating

## Destinations

### RE-IMAGINE PRIORITY GROWTH AREAS

Re-imagine Route 1, Southside Plaza, Greater Scott’s Addition, Downtown, and Stony Point into high-quality destinations

## Zoning

### RE-WRITE THE ZONING ORDINANCE

Direct growth to appropriate areas while maintaining and creating new authentic neighborhoods adjacent to enhanced transit and encouraging the development of housing options throughout the city to expand the geography of opportunity by deconcentrating poverty

## Connections

### RECONNECT THE CITY

Cap highways to reknit neighborhoods destroyed by interstates, build/improve bridges, introduce street grids, and make the city easier to access by foot, bike, and transit

## City Buildings

### REALIGN CITY FACILITIES

Improve city buildings (schools, libraries, fire stations, police stations, etc.) to provide better services in efficient, shared-use, accessible facilities

## City-wide Vision

**IN 2037, RICHMOND IS A WELCOMING, INCLUSIVE, DIVERSE, INNOVATIVE, AND EQUITABLE CITY OF THRIVING NEIGHBORHOODS; ENSURING A HIGH QUALITY OF LIFE FOR ALL.**

The Draft Master Plan document outlines strategies to achieve the city-wide vision and is organized into five topics with goals, objectives, and strategies: High-Quality Places, Equitable Transportation, Diverse Economy, Inclusive Housing, and Thriving Environment. The draft will be available the week of May 4 at [www.richmond300.com/draftplan](http://www.richmond300.com/draftplan) (see reverse side for details).
